

# LITTLE LIONS LITERACY PRIDE

READING PROGRAM

## 2025 — 2026 CATALOG

**Elevate Literacy  
Education with Proven,  
Research-Based Solutions**

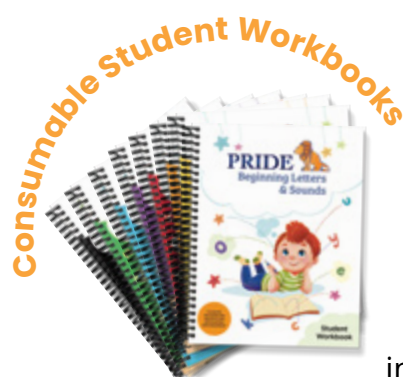

# Structured Literacy Curriculum PRIDE Reading Program

Developed specifically to teach struggling and non-readers how to read, write, spell, and comprehend. While this curriculum works with all children, it is especially successful for children with dyslexia, auditory and visual processing disorders, speech deficits, and other learning differences.

- Powered by Orton-Gillingham
- Aligned with the Science of Reading
- Curriculum solutions for schools, teachers, tutors, and homeschoolers

## Scripted Lesson-Plans

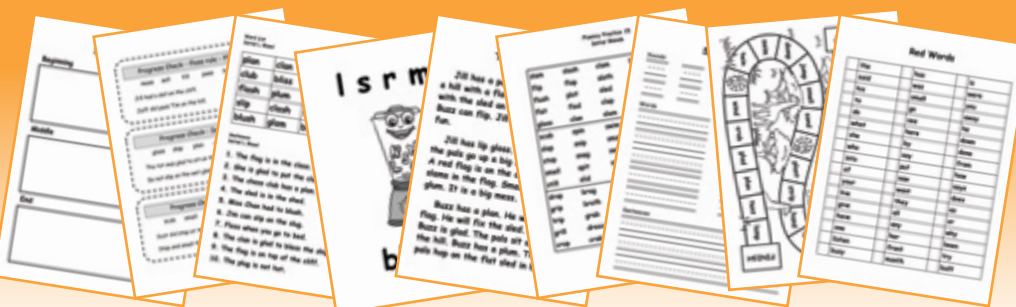

\*Each Student Workbook is a single-use, single-student consumable. Samples, Scope & Sequence, and FREE Placement Assessment available on our website.

This research-based approach provides a powerful framework that ensures struggling readers receive the specialized assistance required. Each concept is taught in three lessons, which include an introduction, a practice, and a reinforcement lesson.

## Proven Methodology: The Orton-Gillingham Approach

Structured, Sequential, Cumulative, Explicit, Multisensory, Systematic Phonics

# Learn to Read with Little Lions Literacy

Little Lions Literacy creates Alphabet Books, Decodable Books, curriculum, and early literacy resources for preschool, elementary classrooms, and homeschoolers.

The **Little Lions Alphabet Books** are designed to be read by an adult to a child, introducing young learners to letters and sounds. Each book focuses on a single letter of the alphabet, highlights beginning word sounds, and includes **letter finger tracing pages**.

The **Little Lions First Readers** is a set of 10 engaging books that introduce young learners to reading with simple, repetitive stories focused on **CVC short vowel words**.

**Perfect for PreK and Kindergarten Emergent Readers!**

\$19.95

Based on the Science of Reading, the **Little Lions Decodable Books** are filled with colorful characters to make learning to read fun. Each book introduces new phonics skills while reinforcing previously taught letters and sounds, and **includes reading comprehension activities**.

- An extensive library of 64 titles
- Research-based scope and sequence
- Captivating topics and illustrations
- Vetted and approved by top literacy education organizations

**Building Upon Previously Learned Skills!**
